Blue Badge Holders - Mobility Issues

Where there is on-street parking available (road opposite the B & B), blue badge holders may park here or park in a designated disabled bay in one of the council managed car parks without limitations while clearly displaying a valid blue badge. The nearest carpark with disabled bays is to the rear of the property. If no disabled bays are available and you park in a short stay bay you must follow the rules by displaying a clock showing your time of arrival and not exceed the time limit. **Do not park in the residents' bays directly in front of the B & B** as you will now be issued with a ticket (new rules as of Dec 23)

Dacre Street – Road opposite the B & B

On the road opposite the B & B **no pass or clock is needed** and you can park for up to 2 hours (this applies **Mon- Sat between 9am-5pm**).

This means if you arrive to the B & B 3pm onwards you can park there until the following morning until 11am. (check out is 10am) If you park beyond these times a M1 parking permit is required.

This is the ideal place to park if you intend seeing the sights of Northumberland and will be out between 11am – 3pm.
